

Falling in love

Paroles et musique : Claude Noah

I barely turn my head,
And I meet that gaze that sets me ablaze,
An ocean of emotions,
Every moment becomes a sweet tapestry,
Your eyes, promises,
Sparks of love, a sweet calm.

In this world, everything fades away,
When your smile lights up my days,
A torrent of tenderness,
Carrying my heart along its path,
I feel your breath,
And I know that I am made for forever.

My love, I'm falling,
I'm falling in love,
Oh, forgive me for daring,
I love this sweet thrill,
My love, I'm falling,
Oh, struck down,
We are bound by this feeling...

Every beat, a dance,
Our souls intertwine, united,
In this whirlwind of ecstasy,
Where love becomes a melody,
Your lips whisper,
Words that resonate like a symphony.

And you too fall,
Into this vortex of stars and light,
An irresistible love,
That carries us away in its prayer,
Let's feel this magic together,
As precious as the air we breathe.

My love, I'm falling,
I'm falling in love,
Oh, forgive me for daring,
I love this sweet thrill,
My love, I'm falling,
Oh, struck down,
We are bound by this feeling...

Falling in love

Paroles et musique : Claude Noah

And when the night awakens,
Our hearts beat as one,
In this whirlwind of love,
Where nothing can break our union...

My love, I fall,
I'm falling in love,
Oh, forgive me for daring,
I love this sweet thrill,
My love, I'm falling,
Oh, struck down,
We are bound by this feeling...
